

NO SAFE LIMIT

ALCOHOL AND MOTOR VEHICLES DON'T MIX. ANY ALCOHOL USE HARMS YOUR DRIVING ABILITY IN JUST MINUTES

IT'S NOT WORTH THE RISK

A person who drives after only one drink is five times more likely to have an accident than someone who has had nothing to drink.

EACH YEAR

400

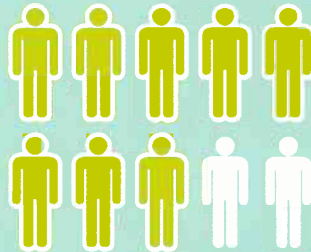

DIE

in alcohol related accidents

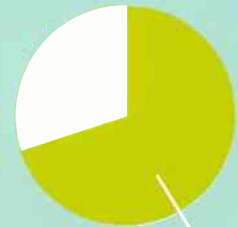

6000

INJURED

More than 80% are males

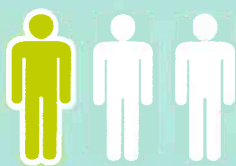

70% are aged under 40 years

People often wonder how many drinks they can have without being punished if given a random breath test. In reality there is no level of alcohol consumption that does not affect your driving ability. Don't gamble with your life and the life of others around you.

DECIDE TO NEVER DRIVE AFTER CONSUMING ALCOHOL

ALCOHOL CAUSES:

1/3 of all male deaths in motor vehicles.

6000+ road accident injuries every year

An impaired reaction time after only 5 minutes
